

CORNET D'AMOUR

"In the end the break was maybe good for him because he came back out in February last year to win the Grand Prix at Wellington in Florida. We had a great year in 2013 including finishing fourth in the Grand Prix of Aachen! I didn't ride at Oslo or Helsinki but I started in Verona and had one down in the jump-off. It wasn't until I won at Mechelen that I started to get enough points to come here, although if you told me before I came here that I would win the Final I wouldn't have believed it! But when you have a good horse you always have a chance."
